WORKPLACE WELLBEING

Creating a safe work environment is a legal requirement and critical to the long-term success of your business. It can help you retain staff, maximise employee productivity, minimise injury and illness in the workplace and reduce the costs and workers compensation.

WORKSHOPS INCLUDE -

- WHS Legislation
- Hazards, Risk and Control
- Workplace Wellness
- WHS Consultation
- Return to Work Obligations
- WHS Management Systems

Our facilities offer a professional learning environment with comfortable group sizes.

Duration: 3 hours
